To whom it may concern,

Last year KCADeutag was asked to perform Rigmoves for their Client ADDAX. After sending out Tenders we got a very positive reply from PESCHAUD Port Gentil. An Audit was conducted concerning their Set-up and HSE in Gabon and all was found in good order.

The Contract for the Rig Moves was granted to PESCHAUD and up till Date we have completed several Rig Moves and all were done within Time Schedule.

Rig Moves have been completed without HSE Issues, Equipment Issues and HR Issues. The level of Communication has been high and Planning ahead has been taking place on a Daily base with Rig Crews. Also reporting concerning status of the Rig Moves has been excellent and Reports were sent on a regular basis.

We believe that Peschaud is a very Competent Company with Competent Personnel and an HSE Culture of a High Standard. We would recommend PESCHAUD to anyone who needs their Services.

Best Regards

Jan F Peters
